## INNOVATION SUMMIT RAJASTHAN

3<sup>rd</sup> March 2017 | JAIPUR  
Taj SMS Convention Centre

Union Minister P P Chaudhary with Rajasthan's PWD and Transport Minister Yunus Khan lighting the lamp at the summit

## WHEN LEADERS DISCUSSED INNOVATIONS RESHAPING INDIA

Jaipur, known as the pink city of Rajasthan, witnessed a big congregation of digital and non-digital innovators, entrepreneurs, startups, and industry leaders, as the Department of Industries and Corporate Social Responsibility (CSR), the Government of Rajasthan, and Elets Technomedia Private Limited jointly hosted a day-long eIndia Innovation Summit in Jaipur recently. Minister of State Electronics and Information

Technology, and Law and Justice, Government of India, P P Chaudhary inaugurated the summit which included various sessions on subjects like Promotion of Innovations and Industrial Infrastructure across India, Education and Skill Development: Development of Innovations, Entrepreneurship and Industry, Smart and Safe Cities: Innovations in Rajasthan and across India.

Here are some of the highlights of the grand summit

# INDIA

## SUMMIT RAJASTHAN

March 2017 | JAIPUR  
Convention Centre

### INAUGURAL SESSION

# B

y 2025 we will be a nation of a billion smartphones. Demand for electronics goods in India will reach reach \$400 million by 2020. Yesterday's job seekers are today's job creators. A

series of path-breaking transformative initiatives such as Make in India, Startup India, Skilling India, and Digital India have been launched. Government of India has also announced schemes to promote level playing field, innovations and startups and boost electronics manufacturing in the country.

## PP Chaudhary

CHIEF GUEST

Minister of State Law and Justice  
and Electronics and IT  
Government of India

**3<sup>rd</sup> March 2017**  
**Taj SMS Convention Centre**

## Yunus Khan

GUEST OF HONOUR

Minister of Public Works Department and Transport,  
Government of Rajasthan

**C**hief Minister Vasundhara Raje has initiated a lot of e-governance initiatives. She has successfully linked Below Poverty Line (BPL) and poor people with e-governance. Rajasthan government has linked BPL families with Bhamashah Yojana. More than five lakh transactions have been done through this Yojana. We have introduced Point of Sales (PoS) machines in villages now. We want to make a Digital Rajasthan.

**R**ajasthan has been identified for top nine of the Centre's 10 core reform areas: construction permits, environmental registration, labour regulation, obtaining electricity connections, online filing of tax returns, inspections, access to information, transparency and single window clearance system. Rajasthan has successfully eliminated physical touch points for some major regulatory approvals by implementing online systems. The State is now striving for digitalisation of all the back-end operations.

## Ajitabh Sharma

PROGRAMME CHAIR

Commissioner  
Industries Department and  
Secretary Corporate Social  
Responsibility Department,  
Government of Rajasthan

CONFERENCE REPORT

“The policies and system through which clearances are given in Rajasthan is amazing. The State government has collaborated with the investors to expedite dream projects in Rajasthan. There is a development of a spectrum of industries including textiles, automobiles, metals, oil explorations etc.”

**P N CHHANGANI**

President of Works  
Shree Cement Limited

## PROMOTION OF INNOVATIONS & INDUSTRIAL INFRASTRUCTURE ACROSS

# INDIA

“We have to build a culture of innovation. Countries like (South) Korea, Singapore, Taiwan are heavily investing in high quality human resources in innovation and Research and Development.”

**DR MADHUKAR GUPTA**

SESSION-CHAIR

**Additional Secretary**  
Department of Public Enterprises  
Government of India

“Rajasthan, along with Andhra Pradesh are leaders in Point of Sales (PoS) machines. Every transaction which happens in PoS system in Rajasthan for distribution of wheat, kerosene or sugar is done through biometric verification. We plan to convert every PDS shop in a village in a small rural mall. We are providing 150 to 400 products to around 5,000 such shops.”

**DR SUBODH AGARWAL**

**Principal Secretary**  
Food Department & Civil Supplies

“**M**ukhyamantri Jal Swavalamban Abhiyan (which is about self-sustainability of water) has been started by us. We used technology-based tools extensively in this programme for the planning and monitoring of projects. We have used remote sensing technology to predict crop patterns. All our projects have been geo-tagged.”

#### ANURAG BHARDWAJ

**Commissioner**  
Watershed Development and  
Soil Conservation  
Government of Rajasthan

“**O**ur Yuva Udyamita Protsahan Yojana has been formulated to help startups. We have increased the age bracket for giving loans to entrepreneurs from 35 to 45. We have started giving loans to entrepreneurs for land acquisition.”

#### A P MATHUR

**General Manager**  
Operation  
Rajasthan Financial Corporation (RFC)

“We have ₹ 6,700 crores worth of investment in Rajasthan. Our largest set up is in Rajasthan. We have a target of reaching 40 million tonne capacity by 2020. We are expanding in southern India by setting up a greenfield plant in Karnataka which is likely to come up next year.”

**S S KHANDELWAL**  
Vice President and  
Company Secretary  
Shree Cement Limited

“20 companies based in Mahindra City in Jaipur for IT are contributing to around 60% of the IT exports for Rajasthan. 66% of our water requirement will be met through water recycling. We are conscious of the resource efficiency. Mahindra City, Jaipur, is a global benchmark for sustainability.”

**SANJAY SHRIVASTAVA**  
Business Head  
Mahindra World City

## EDUCATION

**& SKILL DEVELOPMENT:  
DEVELOPMENT  
OF INNOVATIONS,  
ENTREPRENEURSHIP  
AND INDUSTRY**

“There is a huge gap between what we are doing in schools and what industry requires. We should align our curriculum and school education system with the job requirement of the market. We are trying to design courses as per the industry need so that the employability is also high.”

**NARESH PAL GANGWAR**

**Secretary**  
Education  
Government of Rajasthan

“Gujarat is the first state of the country to have student innovation fund of ₹ 200 crore. We have 21 sectors specific universities in the state. We have enabling facilities for the students. Out of 90 incubators which have been supported by the Government of India under various schemes, 12 are in Gujarat. Out of 28 incubators present in Gujarat, 24 are in academia.”

**ANJU SHARMA**

**Principal Secretary**  
Higher and Technical Education  
Government of Gujarat

“We don’t want job seekers, we want job creators. Rajasthan is the one of the first states to implement skill mission to make students more employable to make them more dynamic at their work environment. Department of Skill, Employment and Entrepreneurship takes pride in initiatives like convergence, multi-sectoral development.”

**KRISHNA KUNAL**  
SESSION-MODERATOR

**Managing Director**  
Rajasthan Skill and Livelihoods  
Development Corporation  
Government of Rajasthan

“Jhalawar has 1,700 elementary and secondary schools, 7 ITI Polytechnics and 35 private polytechnics. Various private players have initiated their own special educational programmes. We are soon going to start ‘Kismat’ initiative which will focus on agriculture, horticulture.”

**JITENDRA KUMAR SONI**  
Collector and District Magistrate  
Jhalawar

“We skilled students of ITI through own special programmes and we using new technologies. We can train students at the school level to make them more employable.”

**A K JAIN**  
**Managing Director**  
Rajasthan Electronics  
and Instruments Ltd

“India has immense opportunities for quality engineers. Upgradation and innovation of educational courses is required. For entrepreneurship, things need to be done in a better way.”

**PRAMOD MAHESHWARI**

**Managing Director & CEO**  
Career Point Ltd

“High number of jobs will be created by next generation of entrepreneurs and making existing entrepreneur successful. It will be done with the use of technology.”

SESSION - MODERATOR

CEO, Innovation Society, Government of Andhra Pradesh

**ANKUR ROHATGI**

Head - Technology and Partnerships, Project Dhruv, Tata Trusts

# URBON

## INFRASTRUCTURE, UTILITIES & TRANSPORT

“

To have a platform for Resident Welfare Associations and sweepers, a 'Know Your Worker' or 'Parichayam scheme' was launched by GHMC. 2,000 Auto trippers were financed by GHMC for source segregation. 1,116 open garbage points were identified and eliminated. We used Gandhigiri to teach people for not throwing garbage at vulnerable points. We have used Rangoli to dissuade people to throw garbage.

”

**DR B JANARDHAN REDDY**

**Commissioner**

Greater Hyderabad Municipal Corporation (GHMC)

“

If the gas availability is not synchronised with the industrial development, the Smart City progress will be delayed. For Udaipur, we can use Liquefied Natural Gas (LNG) hub. For Ajmer, we can develop bio-gas hub and for Jaipur we can develop with the synchronised relationships.

”

**RAVI AGGARWAL**

**Managing Director**

Rajasthan State Gas Ltd

“The corporation has been established with the objective of providing economic, adequate, punctual and efficient services to the travelling public in the stat. It has eight depots and 421 buses plying 45,000 kilometers, carrying 29,000 passengers per day. Currently, 4500 buses across 51 depots are plying more than 16 lakhs kilometers and carrying more than nine lakh passengers per day.”

**RAJESH KUMAR YADAV**

**Managing Director**  
Rajasthan State Road  
Transport Corporation
